

African Medical & Research Foundation UK

**“We would also like to pass on the thanks of AMREF’s fundraising team who are pleased to have found such a reliable and patient design and print supplier in Stephen Austin. We hope the relationship between our two organisations continues to grow.”**

Jo Ensor – Chief Executive

Stephen Austin and Sons Ltd. manage on an annual basis a design and print contract for AMREF. The marketing collateral generated by the fundraising team needs to promote awareness and understanding of the charities work in bringing health care and education closer to the more vulnerable and marginalised African communities. Strong imagery and colourful messages helped AMREF raise significant amounts of generous funding from donors and plans are in place to maximise the promotional effort again for 2008.
