

University College London

“We thoroughly enjoy working with Stephen Austin and Sons – particularly the interaction with our representative who ensures quality and service levels remain at the high level we demand.”

Stephen Austin & Sons produce a range of brochures, books, posters, flyers and folders for the Media Services Division of UCL. Supporting the UCL Media team we often help at the concept stage, providing mock ups and sample materials to provide the right impact for their messages. Getting the finished product right first time is an important part of the team's remit.
