

Voluntary Service Overseas

“We have worked with Stephen Austin for over 10 years. They have provided useful advice on many projects which has helped us to control costs and achieve effective results. Their service, quality and delivery is spot on.”

VSO have provided voluntary support to developing countries throughout the world for 50 years. Training volunteers and raising funds to support their activities are key components of what they do. They need suppliers who can not only provide quality print at prices which support efficient use of funds available to them but also ones who are sympathetic to their aims and objectives. Stephen Austin have been heavily involved at the design stage in several projects over the years and have been able to make a creative input.
